Existing-logo usage

Supplied mark

Placed as provided — not redrawn or redesigned.

Clear space

Keep clear space around the mark equal to at least 1/8 of the mark height.

Placement

Center the mark on profile graphics; keep the mark in the safe center band on cover graphics.

Background contrast

Prefer cream or soft slate grounds; avoid low-contrast oak-on-oak.

Preferred lockup

Prefer the existing oval lockup as supplied — do not invent a new lockup.

Avoid distortion

Do not stretch, squash, skew, or recolor the mark outside the approved palette.

Minimum size

Keep the mark large enough that the oak detail remains readable.

Consistency

Use the same supplied mark and colorway across surfaces.

Logo guidance is usage-only. The Studio will not create a new logo, modernize letterforms, or invent alternate marks in this package.
