Existing-logo usage

Supplied mark
Placed as provided — not redrawn or redesigned.

Clear space
Keep clear space around the mark equal to at least 1/8 of the mark height.

Placement
Center the mark on profile graphics; keep the mark in the safe center band on cover graphics.

Background contrast
Prefer cream or soft slate grounds; avoid low-contrast oak-on-oak.

Preferred lockup
Prefer the existing oval lockup as supplied — do not invent a new lockup.

Avoid distortion
Do not stretch, squash, skew, or recolor the mark outside the approved palette.

Minimum size
Keep the mark large enough that the oak detail remains readable.

Consistency
Use the same supplied mark and colorway across surfaces.

Logo guidance is usage-only. The Studio will not create a new logo, modernize letterforms, or invent alternate marks in this package.
